vehicles in all counties;

(3) [~~seven and six-tenths~~] six and eight-hundredths percent shall be transferred to the counties, with each county receiving an amount equal to the proportion, determined by the secretary of transportation in accordance with Subsection D of this section, that the mileage of public roads maintained by the county is to the total mileage of public roads maintained by all counties of the state. Amounts distributed to each county in accordance with this paragraph shall be credited to the respective county road fund and be used for the improvement and maintenance of the public roads in the county and to pay for the acquisition of rights of way and material pits. For this purpose, the board of county commissioners of each of the respective counties shall certify by April 1 of each year to the secretary of transportation the total mileage as of April 1 of that year; provided that in their report, the boards of county commissioners shall identify each of the public roads maintained by them by name, route and location. By agreement and in cooperation with the department of transportation, the boards of county commissioners of the various counties may use or designate any of the funds provided in this paragraph for a federal aid program;

percentage of money to be transferred to each county and municipality for each purpose in accordance with Subsection A of this section based upon the proportions determined by or certified to the department of finance and administration. The percentages determined shall be used to compute the amounts to be transferred to the counties and municipalities during the succeeding fiscal year.

D. The board of county commissioners of each of the respective counties shall, by April 1 of every year, certify reports to the secretary of transportation of the total mileage of public roads maintained by each county as of April 1 of every year; provided that in their reports, the boards of county commissioners shall identify each of the public roads maintained by them by name, route and location. By July 1 of every year, the secretary of transportation shall verify the reports of the counties and revise, if necessary, the total mileage of public roads maintained by each county. The mileage verified by the secretary of transportation shall be the official mileage of public roads maintained by each county. Distribution of amounts to a county for road purposes shall be made in accordance with this section.

E. If a county has not made the required mileage certification pursuant to Section 67-3-28.3 NMSA 1978 by April 1 of any year, the secretary of transportation shall estimate

E of this section, the total aggregate outstanding principal amount of bonds issued from time to time pursuant to this section, secured by or payable from federal funds not otherwise obligated that are paid into the state road fund and the proceeds from the collection of taxes and fees required by law to be paid into the state road fund, shall not, without additional authorization of the state legislature, exceed one hundred fifty million dollars (\$150,000,000) at any given time, subject to the following provisions:

(1) the total aggregate outstanding principal amount of bonds issued for state highway projects that are required for the waste isolation pilot project and are eligible for federal reimbursement or payment as authorized by federal legislation shall not exceed one hundred million dollars (\$100,000,000); and

(2) the total aggregate outstanding principal amount of bonds issued for state highway projects other than state highway projects that are required for the waste isolation pilot project and are eligible for federal reimbursement or payment as authorized by federal legislation shall not exceed fifty million dollars (\$50,000,000).

C. Upon specific authorization and appropriation by the legislature, and subject to the limitations of Subsection D of this section, an additional amount of bonds may be issued pursuant to this section for state highway projects, to be

secured by or payable from taxes or fees required by law to be paid into the state road fund and federal funds not otherwise obligated that are paid into the state road fund, and, as applicable, taxes or fees required by law to be paid into the highway infrastructure fund, as follows:

(1) an aggregate outstanding principal amount of bonds, not to exceed six hundred twenty-four million dollars (\$624,000,000), for major highway infrastructure projects for which the department has, prior to January 1, 1998, submitted or initiated the process of submitting a plan to the federal highway administration for innovative financing pursuant to 23 USCA Sections 122 and 307;

(2) an aggregate outstanding principal amount of bonds, not to exceed one hundred million dollars (\$100,000,000), for state highway projects that are required for the waste isolation pilot project and are eligible for federal reimbursement; and

(3) an aggregate outstanding principal amount of bonds, not to exceed four hundred million dollars (\$400,000,000), for other state highway projects.

D. The total amount of bonds that may be issued by the state transportation commission for state highway projects pursuant to Subsection C of this section shall not exceed a total aggregate outstanding principal amount of:

(1) three hundred million dollars

issue bonds to refund other bonds issued pursuant to this section by exchange or current or advance refunding.

[F.] G. Each series of bonds shall have a maturity of no more than twenty-five years from the date of issuance. The state transportation commission shall determine all other terms, covenants and conditions of the bonds; provided that the bonds shall not be issued pursuant to this section unless the state board of finance approves the issuance of the bonds and the principal amount of and interest rate or maximum net effective interest rate on the bonds.

[G.] H. The bonds shall be executed with the manual or facsimile signature of the [~~chairman~~] chair of the state transportation commission, countersigned by the state treasurer and attested to by the secretary of the state transportation commission, with the seal of the state transportation commission imprinted or otherwise affixed to the bonds.

[H.] I. Proceeds of the bonds may be used to pay expenses incurred in the preparation, issuance and sale of the bonds and, together with the earnings on the proceeds of the bonds, may be used to pay rebate, penalty, interest and other obligations relating to the bonds and the proceeds of the bonds under the Internal Revenue Code of 1986, as amended.

[I.] J. The bonds may be sold at a public or negotiated sale at, above or below par or through the New Mexico finance authority. A negotiated sale shall be made with

one or more investment bankers whose services are obtained through a competitive proposal process. For any sale, the state transportation commission or the New Mexico finance authority shall also procure the services of any financial advisor or bond counsel through a competitive proposal process. If sold at public sale, a notice of the time and place of sale shall be published in a newspaper of general circulation in the state, and in any other newspaper determined in the resolution authorizing the issuance of the bonds, once each week for two consecutive weeks prior to the date of sale. The bonds may be purchased by the state treasurer or state investment officer.

[J.] K. This section is full authority for the issuance and sale of the bonds, and the bonds shall not be invalid for any irregularity or defect in the proceedings for their issuance and sale and shall be incontestable in the hands of bona fide purchasers or holders of the bond for value.

[K.] L. The bonds shall be legal investments for a person or board charged with the investment of public funds and may be accepted as security for a deposit of public money and, with the interest thereon, are exempt from taxation by the state and a political subdivision or agency of the state.

[L.] M. Any law authorizing the imposition or distribution of taxes or fees paid into the state road fund or the highway infrastructure fund or that affects those taxes and fees shall not be amended or repealed or otherwise directly or

indirectly modified so as to impair outstanding bonds secured by a pledge of revenues from those taxes and fees paid into the state road fund or the highway infrastructure fund, unless the bonds have been discharged in full or provisions have been made for a full discharge. In addition, while any bonds issued by the state transportation commission pursuant to the provisions of this section remain outstanding, the powers or duties of the commission shall not be diminished or impaired in any manner that will affect adversely the interests and rights of the holder of such bonds.

[M.] N. In contracting for state highway projects to be paid in whole or in part with proceeds of bonds authorized by this section, the department shall require that any sand, gravel, caliche or similar material needed for the project shall, if practicable, be mined from state lands. Each contract shall provide that the contractor notify the commissioner of public lands of the need for the material and that, through lease or purchase, the material shall be mined from state lands if:

- (1) the material needed is available from state lands in the vicinity of the project;
- (2) the commissioner determines that the lease or purchase is in the best interest of the state land trust beneficiaries; and
- (3) the cost to the contractor for the
